Term 3 Week 1

**KEEP
CALM
AND
ENJOY
ONLINE LEARNING**

Guidelines for students being online for Zoom lessons

- Cameras on at all times
- Be neatly dressed with hair brushed
- Sit at a table or desk
- Work ready for that lesson
- Hands free
- No eating
- As little background noise as possible

Welcome back to the 3rd term. Although being back at school and in the classroom is what we all want, I cannot tell you how much fun we are having teaching your children online and having that contact with them. There is always a buzz of excitement during online lessons.

Next week will continue the same as this week. Until we are told differently by the government, we will continue with online teaching.

The preschool will still come out at 12pm next week. Preschool parents are reminded to please send an extra face mask (child size) in their school bag as well as the one they wear to school. With regards to our theme of Jobs People Do, please have a chat to your children explaining what job you do and what is involved in your job. You could also have an interesting discussion on what your children plan on becoming when they grow up.

Please encourage your children to do the sport/exercise challenge that was sent home. We need the children to keep fit. Let them play outside with their hockey stick and ball and practice dribbling, passing the ball and stopping the ball.

The Rhino Challenge is also a good way to spend family time, doing all the various challenges set.

The Library Challenge can also be started by each child.

A reminder to parents to please sign the Riverview POPIA policy and return it to school - office@riverviewprep.org

To all those families who have family members with Covid, we send you our love and hope that they will be on the mend quickly. Please look after yourselves and stay safe.

Whatever you ask in prayer, you will receive, if you have faith.

Matthew 21:22 ESV
